I hereby certify that all the information given on this application for permit is factual. Any misrepresentation given by the applicant can result in delaying the progress of the job and forfeiture of the permit. I the owner am acting as the general contractor on this project and will abide by all the rules and regulations just as a licensed contractor would. I understand that the building inspector can not intervene in contract/liability disputes. I understand and assume all risk and liabilities as acting as my own general contractor. This permit does not supersede any other permits required.
